JULY 16, 2018

### **CLEARPATH ACTION FUND ENDORSES FRED UPTON**

ClearPath Action Fund is endorsing Rep. Fred Upton (R-Mich.) and will soon start running digital ads as part of a six-figure effort backing his reelection.

“Fred has an accomplished record of shepherding many bills hitting every facet of clean energy innovation,” ClearPath Action Fund Founder Jay Faison said. “His veteran leadership is needed as the U.S. continues to hurdle obstacles in the global clean energy race.”

As chair of the House Energy and Commerce’s Energy Subcommittee and past chair of the full panel, Upton has led the way on bills promoting advanced nuclear, carbon capture, broad clean energy innovation, natural gas and hydropower.

That includes co-sponsoring [legislation](#) expanding and extending the Section 45Q tax incentive for carbon capture projects, a plan signed into law as part of this February’s budget deal.

Upton is also helping a major push to modernize the Department of Energy, which ClearPath sees as vital to clear away some of the bureaucratic and other underbrush that can stymie rapid growth in U.S. clean energy research, demonstration and deployment.
